

tombellcreative.com

Tom is an all-rounder capable of tackling a broad range of animation styles. Though he is proficient in After Effects he is comfortable across the Adobe Suite and in other software including Cinema 4D and Blender. Tom has worked closely with film and design teams and has learnt workflows that integrate smoothly between. He is involved in projects from client liaison, script-writing, storyboarding, all the way to through to audio design. Tom has been lucky enough to work with many well-known names including NAB, The Victorian Government, Energy Australia, The Fred Hollows Foundation, Save The Children and others.
